RE: Holiday Party

Dear Dave:

Please accept this letter of thanks for an outstanding performance during our Holiday Party. Your observational humor was perfect for our clients who are an eclectic mix of business professionals. These individuals, who tend to be extremely reserved, opened up during your performance. Our clients normally barely crack a smile at work, laughed with their mouths wide open. I was amazed that with a very tough crowd that you were able to put them at ease so quickly, have them relax, enjoy your humor and even have them laugh out loud with the mouth wide open.

Anyone who desires to hire a comedian would be extremely pleased with you because of your talent and personality. Best of luck in the future.

Sincerely,

Dennis P. Cullen
